<b>Tax:</b>				
<b>Total:</b>				

### Authorization:

A credit application must be submitted with this order form.

By signing below and submitting this order form to Communiqué Kaleidoscope, Inc., I acknowledge and agree that I will enter into a minimum term contract, the term to be determined by the box that I have checked under the "Commitment" field on this order form. All prices enclosed herein are based on a 6 month term minimum. The co-location setup fee will be waived with a 1 year commitment.

Communiqué Kaleidoscope, Inc. will issue a primary IP address for your server once we receive your order form and payment authorization. You **must** pre-configure your server to run on this IP address. Any configuration work we must do on your server will incur an extra fee (unless you have elected our Fully Managed Admin Service product listed above). For the purpose of the contract and billing cycle, the contract will begin on the date your server is activated on the Internet and said server can be reached via HTTP protocol via its assigned IP address (assuming you have properly configured your server with the IP address we have assigned it). The contract and billing cycle shall be based on Anniversary (not Calendar) months from that date forward.
